## NOTE

---

1. Warehouses covered by Manufacturers' Licences are to be numbered.
2. Warehouses not so covered, to be designated only by a letter of the alphabet.

*A Licensed Manufacturers' Warehouse is for the reception of three classes of articles only:*

*1st. Articles not duty paid, which are to be used in the production of the articles for the manufacture of which the licence is granted.*

*2nd. The manufactured articles so produced, if not duty paid.*

*3rd. Similar manufactured articles brought into the factory under Warehouse Bonds.*

 COLLECTORS ARE REQUESTED TO NOTIFY THE DEPARTMENT IMMEDIATELY, of any errors or omissions that may be found in this list, and to *promptly forward bonds not yet sent in.*

*Clearness and accuracy in the writing of the names, particularly initials or index letters, are essential.*

The omission of a manufacturer's name indicates that his name is not yet registered at Department.

The Department is to be immediately notified by letter of the date of abandonment or cancellation of any licence issued under the Excise Act.

D. SIM  
Commissioner of Excise
